2012 – 2013 Request Additional Loan Funds for Computer Purchase

Student Name: ____________________________________________________________

Student ID Number: ______________________________________________________

Federal Regulation allows for students to use their financial aid for school related expenses. A computer is considered a school related expense. We will review your account to determine if you have additional loan eligibility that you can use to purchase a computer. We are able to award loan funds up to $1500.00 for the purchase of a computer. We will review your account to see if you have additional funds in your eligibility. Please note these funds are not separate of your annual loan eligibility or separate from your COA (cost of attendance).

Once your account has been awarded you will need to accept the aid through your eLion account.

Please allow 5 business days for this update to be completed. You will be able to view this update on your eLion account once it is complete.
